PRODUCT DESCRIPTION

Features

Chair backrest cover and lumbar support cover.

ChairTube holds any back cushion, frame or support securely onto a chair or car seat backrest.

•

Improves lumbar cushion comfort

•

Stops lumbar support from moving or falling down

•

Improves chair appearance

- Allows customisation of lumbar support

ChairTube is an Australian innovation, made in Australia and designed by an occupational therapist.

Made from double thickness black Lycra.

To fit, simply stretch ChairTube over backrest and firmly pull down. Adjust to ensure inside pockets are at the front of the backrest. Slide lumbar cushion or support between ChairTube and backrest securing it within the inside pockets. Adjust the height of the lumbar support until it is comfortable in the lower back (around waist level).

CAR SEAT SAFETY WARNING: Do not use on car seats where the side airbags are fitted into the car seat.
