

KAB MANAGER

\$1,575.00

An ergonomic 24/7 chair recommended for people of smaller stature.

| **Categories:** [Executive Chairs](#), [Heavy Duty & 24 Hour Seating](#)

PRODUCT DESCRIPTION

Features

The KAB Manager is a premium, robust, ergonomically designed and AFRDI level 6 accredited chair recommended for people of larger stature. Its primary point of difference from the other KAB office chairs is that it features wider body contoured cushions which offer greater side cushion support for taller/larger users.

- Price includes ACS Headrest
- Single inflatable air lumbar support
- Backrest recline adjustment
- Tilt-lock mechanism
- Height riser mechanism
- Height & tilt adjustable headrest
- Tip-up & swivel down armrests so that you can move them out of your way or make them fit comfortably under your desk
- Completely serviceable/refurbishable chair

Together these features allow for extensive seat position adjustment which promotes optimum comfort and ergonomic support.

24/7

Designed to withstand extended use of 24 hours a day x 7 days a week.

Ergonomic Support

The way you sit at work is important as poor postural patterns during seated work tasks may be associated with physical discomfort, fatigue and injury. KAB Office Chairs incorporate a variety of adjustments that are specifically designed to allow you to maintain correct sitting posture and enjoy ideal support and comfort. Each chair has been engineered to exacting standards to ensure the stresses and strains placed on the body through incorrect seating is avoided.

Air Lumbar Support

Optimum lower dorsal support provided by infinite air lumbar inflation and deflation through the use of a hand pump.

Backrest Recline

16 degree back angle adjustment for customised comfort and optimum ergonomic support.

Tilt-lock Mechanism

Offers easy rocker tension adjustment for users of 50kg to 150kg and incorporates an 'anti-kick' safety system. This makes KAB seats suitable for use by multiple users in shift work environments. This mechanism also allows you to lock your chair into a range of tilted positions for customised comfort.

Height Riser

Allows for easy seat height adjustment between 460mm and 560mm.
