PRODUCT DESCRIPTION

Features

The Sculpt Comfort Keyboard and Mouse are maximized for comfort and customized for you.

With its contoured design, customizable features that easily adjust to your needs, and a specially designed, right-handed mouse, Sculpt Comfort Desktop transforms the way you use a keyboard and mouse. It helps you keep your wrists in a neutral position, while providing functionality and shortcuts that improve typing efficiency.

The sleek design and comfort curve layout keep keys within easy reach, while straightening wrists with ergonomic palm support that protects against inflammation and repetitive stress injuries. The split spacebar offers new backspace functionality to help you make the most of your keystrokes. Tight workspace? Sculpt Comfort Desktop can be easily customized to save space, and offer a more compact look, by detaching the palm rest.

Sculpt Comfort Desktop perfectly integrates with Windows 10. The keyboard hotkeys are optimized for Windows 10 to enable fast, easy navigation. Located on the side of the mouse, the customizable Windows touch tab provides easy access to the Start Menu, Cortana (availability may vary), OneNote, Task View or virtual desktops.

- Contoured design promotes a natural wrist position and puts keys within easy reach.
- Detachable palm rest can be removed for a sleek, compact look. Work in the position that's most comfortable for you with detachable palm rest and adjustable keyboard legs.
- Split spacebar with backspace functionality is designed to improve typing efficiency.
- Scroll left, right, front and back. Quickly navigate all of your projects with speed and efficiency.
